

To complete this Milestone you will submit 2 documents and give a Final Project Presentation:

During your Final Project Presentation you must:

- Share your Project's Title
- Describe the goal of your Data Warehouse
- Explain how each of your KPI's relates to the goal of your Data Warehouse
- Show your Tableau Public dashboard(s)
- **(Optional)** Add any interesting context about your project's process: ETL nuances, unique data obstacles/solutions
- Limit your presentation to a maximum of 9 minutes

You will submit **2 documents** for this Milestone:

1. Your Final Project Presentation (may be PowerPoint, Google Slides, PDF, etc) that includes a link to your Tableau Public visualization
2. A completed CIS_9440_Project_README.md file (link [here](#))

Your grade for this Milestone will be graded on a rubric that includes:

- 10% - Tableau Public
- 30% - README file
- 60% - Final Project Presentation
